

### Council Travel Workshop

On Tuesday 11th March the students took part in a workshop with the school travel plan team from Royal Greenwich Council. During this workshop Brian Aldrich was taking pictures for the team to use for their new promotional materials.

The students took part in lots of different activities that included role plays, map reading and demonstrations of how to cross different crossings safely.

The students involved in the workshop were from the travel safe intervention groups as well as the year 10 and 11 Travel and Tourism classes.
